

#### DOT MATRIX DISPLAY

For intermediate anglers looking for advanced features to pinpoint optimal fish habitats with extended battery life.

#### BOTTOM LOCK AND ZOOM

Allows zooming of the display anywhere in the water column which produces an enlarged picture of sonar readings.

#### FISHID™ WITH TARGET DEPTH

Adjustable fish indicators with fish depth targeting pinpoints fish water column location and depth.

#### FISH FINDER MODE

Choose between raw sonar data or FishTarget™ fish indicators. It also shows the water or air temperature.

#### AUTO & MANUAL DEPTH RANGE

Auto range automatically adjust screen range while manual range adjustment allows for precise depth pinpointing.

#### CLEAN-SCREEN ADJUSTMENT

Auto & manual sensitivity, surface clutter & noise filter adjustments combine to remove unwanted display readings.

#### AUTO & MANUAL DEPTH RANGE

Auto range automatically adjust screen range while manual range adjustment allows for precise depth pinpointing.

#### FISHTRAX™ INTELLIGENT SONAR

Delivers precise depth readings and auto targets and intensifies fish echoes.

#### TRAXNUT™ MOUNTING SYSTEM

Allows attachment to any 1/4 x 20 mounting bracket and expandability to any fishing platform.

#### ALGORITHMIC SOFTWARE

Over 20 years of sonar development minimizes false readings and delivers precise targeting.

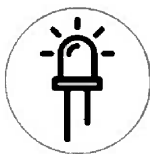

#### AUDIBLE ALARMS

Signals an audible and visual alarm when depth, fish & battery voltage parameters are triggered.

#### VARIABLEZONE™ TEMPERATURE SENSOR

Shows water temperature throughout the water column enabling species pinpointing.

#### LED BACKLIGHTING

Low power consumption LEDs will not waste battery power or cause heat buildup & condensation.

#### POLARIZED LCD

Allows for glare-free viewing of the display in any light condition, with or without sunglasses on.

#### EASYTOUCH™ PROGRAMMING

FishTrax's user interface is designed & written by real users, in the real world. Not by engineers in a lab.

#### MULTIPURPOSE TRANSDUCER

Trollable, boat mountable, & floatable. Achieves unmatched, go anywhere, portability. Also side-scan compatible.

#### ULTRA-LIGHT POWER SUPPLY

No lugging around a heavy battery, the FishTrax series uses 4 'AAA' batteries & has multi-day battery life.

#### DESIGNED AND SUPPORTED IN THE USA

HawkEye® products are manufactured both in the USA and overseas using technology designed and developed with American ingenuity.

#### YOU BREAK IT... WE FIX IT...

Hassle free repair or replacement for any damage, for any reason.
